WONDERFUL TALE OF AN ACTRESS

Struggled with Sickness and Discouragement; How Relieved.

Dayville, Killbuck, Conn.—"I shall be glad to have every woman know what I know now, after using Lydia E. Pinkham's Vegetable Compound. Although I am only 24 years old, I have suffered for the past eight years. I hated the doctors, for a doctor told me to give up the stage where I was playing with my husband.

I had bearing down pains, my health failed me, and I could not work on the stage, and wasn't able to tend my boy or even get around myself. I was always downhearted and discontented with the world, and only lived for the sake of my little girl. The doctor said to move to some quiet little town away from the noisy city, and I might be able to live and feel well, so I went to Dayville in November. At that time I was so sick I could not walk around, and my husband kept house and I stayed in bed. One day in January I read your advertisement in a newspaper, and I sent for Lydia E. Pinkham's Vegetable Compound, and started taking it. Within two weeks time I was a different woman, could get around, and felt so good that it was a pleasure to do my housework. I felt contented and happy, and now am the picture of health, and am tempted to return to the stage. We appreciate my health as the most precious thing on earth."—Mrs. H. L. [Name obscured]

Special Election Notice

In obedience to an order of the Mason County Court, entered at the September term, 1916, notice is hereby given that an election will be held and poll taken in Mason county, Kentucky, at the usual and regular voting places in each of the precincts, on

TUESDAY, NOVEMBER 7, 1916.

Between the hours of 6 o'clock a. m. and 4 o'clock p. m., on said date, at which election all legal voters residing in said precincts, shall be given an opportunity to vote by secret ballot on the question whether the Fiscal Court of Mason county shall be composed of three Commissioners to be elected from the county at large and the Judge of the County Court.

The order calling said election specifying its purpose and directing the manner in which same shall be held, is as follows:

MASON COUNTY COURT.
September Term, September 4, 1916.
Alfred M. Peed, Clerk, vs. On Petition.

This day came Alfred M. Peed and others and filed a written petition signed by eight hundred and forty-one of the legal voters of Mason county, requesting the Judge of the Mason County Court to submit to the qualified voters of Mason county at the next general election hereafter to be held the question, "whether the Fiscal Court of Mason county shall be composed of three Commissioners, to be elected from the county at large, and the Judge of the County Court," and it appearing that said petition is signed by more than three hundred and fifty of the legal voters of Mason county, and the court being advised, it is therefore ordered and directed that the officers of the election in all the voting precincts in Mason county shall open a poll and take the sense of the legal voters in said county upon said question, said election to be held on Tuesday, November 7th, 1916, between the hours of 6 a. m. and 4 p. m.

The Clerk of the Mason County Court shall furnish the Sheriff of Mason county a copy of this order, and said Sheriff shall cause the same to be published in all the county papers not less than four weeks previous to said election and he shall also advertise the same by printed handbills, posted not less than two weeks before said election in a conspicuous place in each of the voting precincts in said county. It is further ordered and directed that the Clerk of the Mason County Court shall prepare ballots to be used at said election, each ballot to have printed thereon the question:

"ARE YOU IN FAVOR OF THE FISCAL COURT OF THE COUNTY BEING COMPOSED OF THREE COMMISSIONERS TO BE ELECTED FROM THE COUNTY AT LARGE AND THE JUDGE OF THE COUNTY COURT?"

Given under my hand, at my office, in the City of Maysville, Mason county, Kentucky, this 20th day of September, 1916.

JOHN H. CLARKE,
Sheriff of Mason County.

FARING WORSE THAN LOWLIEST RAILROAD HAND

Plight of Women Laborers in the Fields Described by President Pope of the Association of State Presidents of the Farmers' Union as More Deplorable Than During the Days of Slavery, and Yet Not a Word Was Spoken in the Last Congress, Which is Boasting of Its Farm Legislation, About the Woman Who Rakes the Hay and Gathers the Sheaves.

That the increase in pay of members of the four railroad brotherhoods, caused by the enactment of the eight-hour day law by Congress, will rest ultimately upon the farmer was asserted by Henry N. Pope, newly elected president of the Association of State Presidents of the Farmers' Union, in a statement issued by him.

Mr. Pope declared that the farmers of the country stand for a fair wage for both labor and capital and favor an eight-hour working day, but that he personally doubted the wisdom of Congress fixing wages for labor employed by private enterprise. "I doubt," said he, "if it is in the interest of either labor, capital or the people to make the wage schedule of railroad employees a political issue."

The condition of the farmers of the country is worse than that of the most lowly railroad laborer, Mr. Pope stated, with an average farm income of only \$1.47 a day, out of which must be paid the expenses of the family. The condition of women laborers in the fields he describes as worse than during the days of slavery.

"Not a word has been spoken by Congress in defense of the woman who rakes the hay and gathers the sheaves," said Mr. Pope. "Little has been done that has increased the income of the farmer or enabled him to pay a higher wage to his laborers."

"But today we find the highest paid laborers in the world, making three times more money than a farmer, demanding twenty-five per cent increase, and Congress hastening to their relief. This increase must, in the end, rest upon the back of the farmer and will reduce his income, increase his hours of labor, and call for another levy of farm mothers from the home to the field."

"The farmers of this nation must fight to hold what they have and to get what is rightfully theirs from the government. We must do it through organization."

Mr. Pope stated that by the enactment of the eight-hour day law Congress had thrust upon the people of the country a new responsibility and organized labor now stands committed to the principle of government regulation of wages. The government, he said, should fix wages for all classes of railroad employees and should have the power to decrease as well as to increase wages to remedy comparative inequalities.

"Square Deal" for All.

"In my opinion," he continued, "the next session of Congress should readjust the wages of all railroad employees, from railroad president to section laborer, giving a schedule of pay based upon business justice and human rights. I submit a schedule of wages taken from official government reports which presents conclusive evidence of the inequalities of the present daily wage scale of railroad employees:

"General officers, \$16.11; other officers, \$6.40; general office clerks, \$2.53; station agents, \$2.37; other station men, \$1.50; engineers, \$5.28; firemen, \$3.23; conductors, \$4.49; other trainmen, \$3.11; all shopmen, \$2.37, and trackmen, \$1.50."

Mr. Pope declared that the foregoing schedule showed that the 350,000 section hands in the country were condemned to a life of poverty. He said he believed that Congress, having undertaken to regulate the wages of higher paid employees, should review their wages.

A 500-POUND PUMPKIN

(New York Herald)

The largest pumpkin that ever obstructed a field, foundered a wagon or produced neighborhood gossip is now at Sayville, L. I., where it was grown by Eugene Cohen. It weighs 500 pounds, is a Titan blonde, three feet tall and nine feet around the waist.

Mr. Cohen in laying this important vegetable matter before the world, offered \$100 to any farmer at any point on the face of the earth who could produce one as large. He declared it the greatest pumpkin in the history of the world, and a search of all records under the captions pumpkin, pump, ump, mpikin and nikpump indicates that he is not noticeably mistaken. Unquestionably he has some pumpkin.

Ohio Cities Gas Columbia Gas & Electric Owens Bottle Machine Co.

WE BELIEVE these stocks will reward the most careful investigation. They are now listed on the New York Stock Exchange and are actively traded in.

Ohio Cities Gas has been steadily advancing in price. The development of its oil properties in West Virginia and Ohio has exceeded expectations. The company is carefully managed and its resources efficiently conserved, giving to its stock a substantial value that will no doubt be reflected in the market price.

Columbia Gas & Electric has had a remarkable advance; still it is being sought by interests which indicate a strong belief in higher prices. The earnings of this company are increasing right along, and great predictions are made for its future.

Owens Bottle Machine Co. is the largest manufacturer of bottles in the U. S., and owns the U. S. rights to the Owens bottle machine, the only wholly automatic bottle-making machine in the world. For the past five years their net profits have averaged over \$2,500,000 per year—are now earning over 30% on Common Stock after paying 7% on Preferred. Both Common and Preferred stocks are high grade investments and the Common has good profit possibilities.

We are members of the N. Y. Stock Exchange, have three direct wires to New York, and every order or request for information by wire or letter about any stock is given immediate attention.

We charge 1/8 per cent commission for buying or selling, and advance part of purchase price at current interest rates.
